DK-260C

Manual Short Handle End Cutter

The short handle manual end cutter is popular for quick cutting of fabrics with a simple push. The blade is activated by turning on the machine and the user pushes the cutting machine towards the end of the rail. The cutting machine is then recoiled back by a spring, and caught by the user.

Specifications

Product Name:	Manual Short Handle End Cutter
Product Model Number:	ST-260
Rail Lengths:	48 – 144 in. (1.22m – 3.66m)
Motor:	110V, 1ph, 50/60Hz 220V, 1ph, 50/60Hz
Power:	160 W
Standard Features:	Sustaining Frame, Rocker Lever, Sustaining Bar
Options:	Short Handle Operation, Long Handle Operation
Blade Size:	4-1/4" round
Cutting Capacity:	0.5 in. (1.27cm)
