DY 24028

Post-Bed Sewing Machine |

Specification :

It adopts sliding bar thread take-up and vertical rotary hook to form two-thread lockstitch. The arm shaft and hook shaft transfer the driver by high-precise spiral bevel gear. Push-button stitch regulator and level style back-sewing device make the machine operating easily.

It is designed with post-bed of 178mm in height and provided with roller presser foot to perform sewing in wide space under arm. It features manual lubrication, simple structure, low noise, smooth running and easy maintenance, It is available for corner sewing on leather shoes, sport shoes, leather bags, gloves and other similar articles.
