

DY 608-609

DUKE

HYDRAULIC LEATHER EMBOSSEING MACHINE

DESCRIPTION

This machine is available in 40-ton and 80-ton pressure specifications and features a drawer-type workbench equipped with safety devices for secure and convenient operation.

It offers high pressure, fast operation, and superior embossing quality. Both the upper and lower working panels are independently heated, allowing precise temperature control. Additionally, the lower heating plate can be assembled or disassembled as needed for greater flexibility.

MODEL	DY-608	DY-609
PRESSURE	40T	80T
DIMENSIONS	850*900*1500 _{MM}	950*920*1500 _{MM}
PACKING SIZE	950*1000*1700 _{MM}	1050*1020*1600 _{MM}

MODEL	DY-608	DY-609
WORKING TABLE SIZE	340*330 _{MM}	380*380 _{MM}
WEIGHT	600 KG	800 KG
POWER	380V 50HZ/ 220V 60HZ	380V 50HZ/ 220V 60HZ

TECHNICAL DATA

Feature	Specification
Weight:	680KG
Power(W):	3HP
Voltage:	380V
Type:	Embossing Machine
Automatic Grade:	Semi-Automatic
