

DUKE

DY-SK-D2-2.0RH

Full Automatic Leather Punching Machine

Features:

- High-Speed Multi-Axis CNC Punching System
- Adopting the unique multi-axis CNC system of "Jinyuelai", six specifications of punching needles can be installed at the same time.
- Each punch can be rotated arbitrarily to punch out 360-degree patterns by changing the angle of each punch using the computer software AUTOCAD CORELDRAW.
- Adopt servo motor for main axis and driving system, to ensure the machine with high performance.
- X/Y adopts screw direct drive mode, with high punching accuracy.
- industrial dust collector is adopted, with good dust collection effect.
- The machine and operating system can be designed according to your specific requirements.
- Each set of punch heads can be rotated to achieve fancy punching.

Specifications:

Product Parameter	Parameter
Working speed	1300(rpm)
Maximum storage capacity	256M
Power	2-3KW
Power Supply	220V Single-phase 220V
Air pressure	0.6Mpa
Punching tool No.	Standard round hole (0.8, 1.0, 1.2-1.5, 2.0-2.5mm)
Number of tool heads	12 (6 ineachgroup)
Working area	900x600mm
Machine size	3565x1480x1380mm
Net weight	1200KG
